The background of the image shows a control room filled with industrial automation equipment. On the left, there are three large control panels with digital displays and buttons. To the right, there are several racks of electronic modules. The entire scene is overlaid with a semi-transparent red color. In the center, there is a white rectangular box containing the company name and tagline.

KINETEC

AUTOMATION

YOUR INDUSTRIAL AUTOMATION
SOLUTION PROVIDER

KINETEC AUTOMATION (M) SDN BHD

Established more than 20 years ago as a System Integrator with the aim of providing a tailor-made Industrial Automation solutions for wide range of industries from electronics, foods & beverage, pharmaceutical to the heavy industries like automotive, metal steel and woodworking.

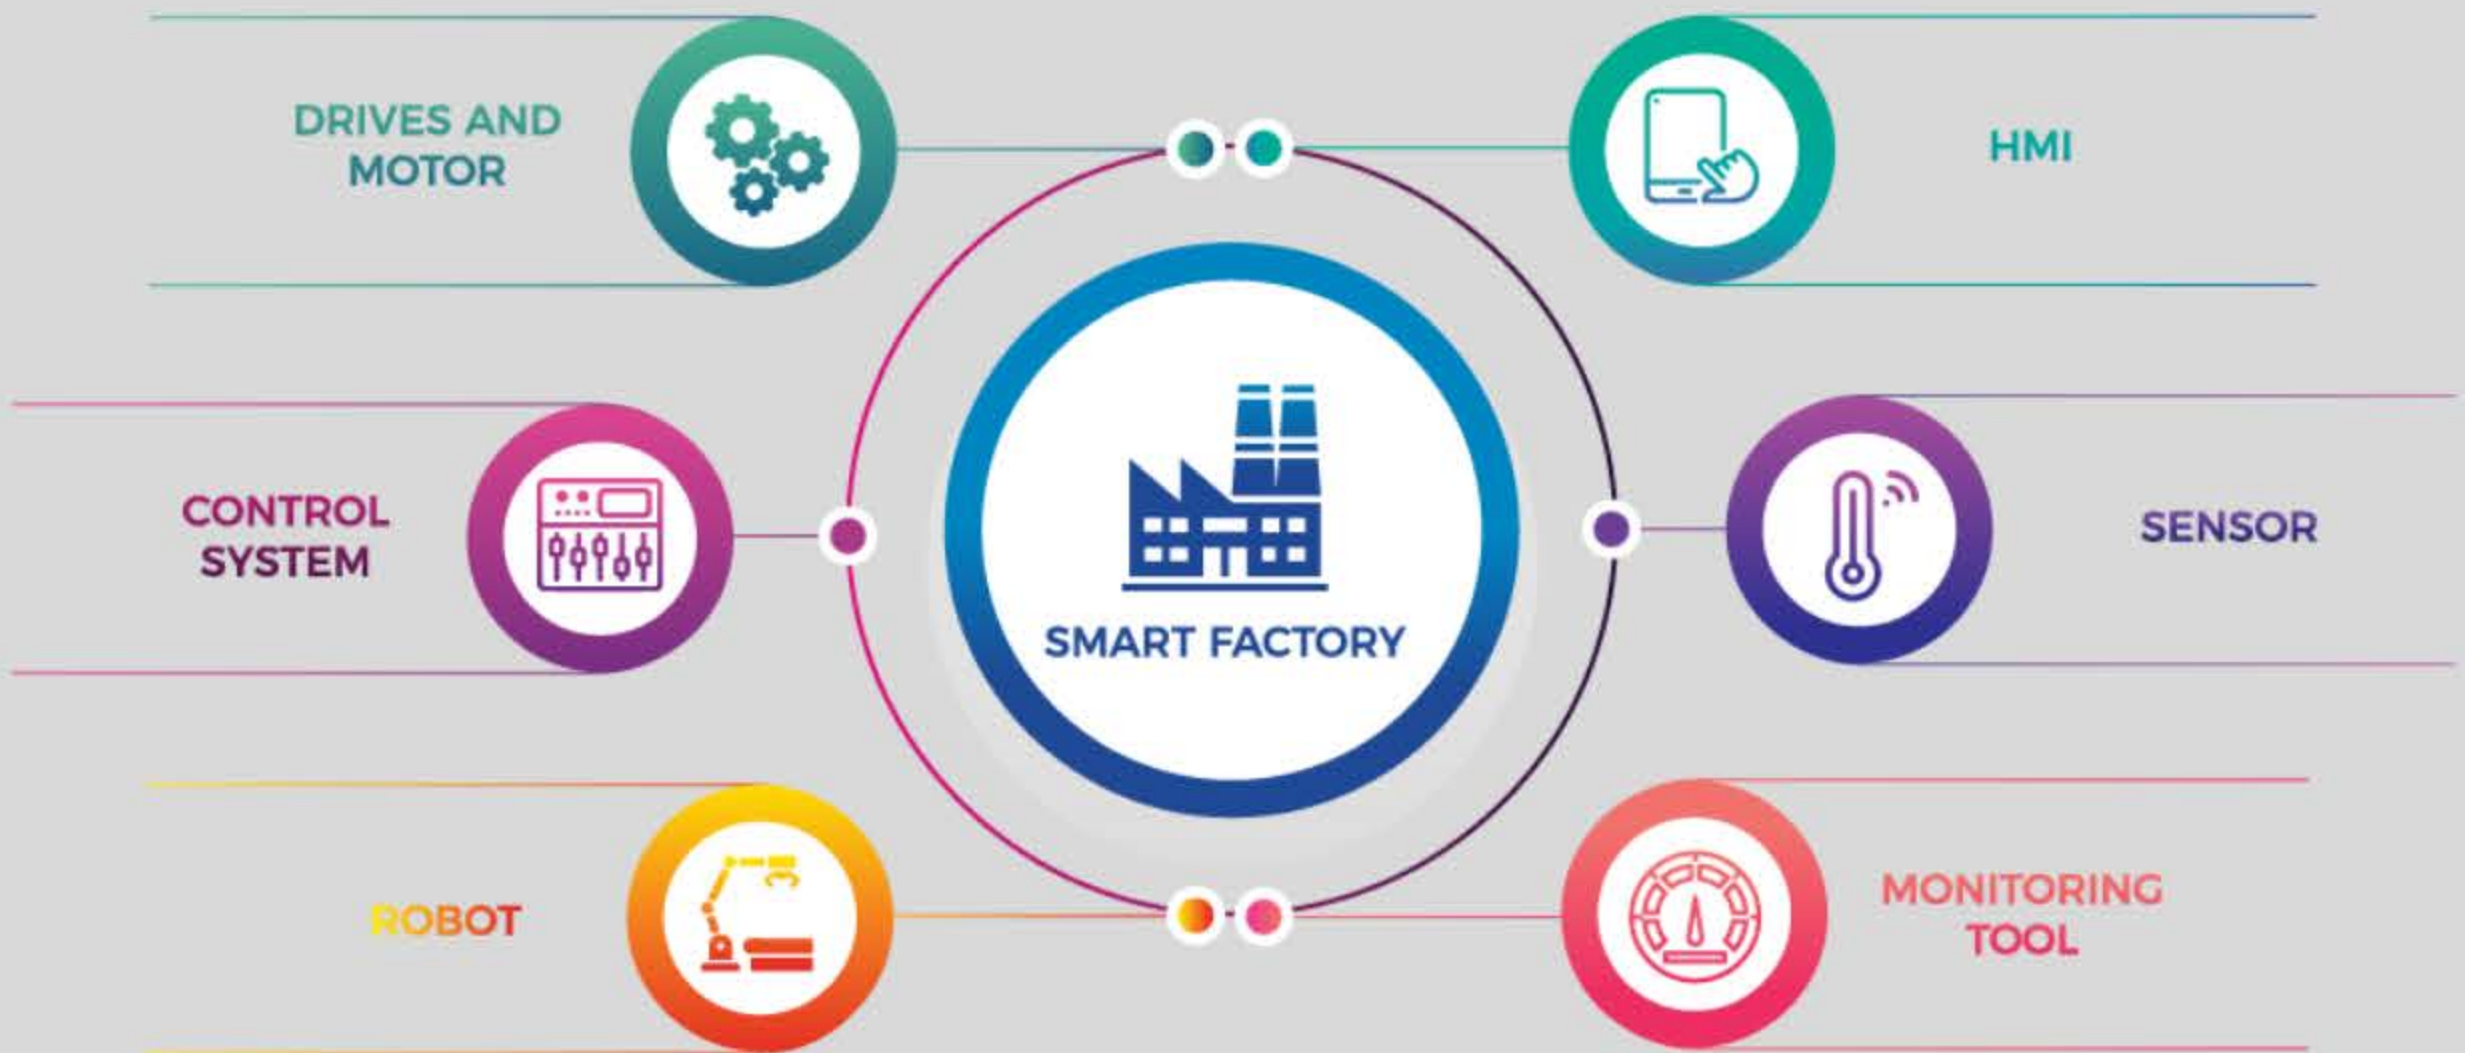

With decades of experience in solving the most complex process system to 'taming' the high speed precision machinery around South East Asia, we have the ability to provide the one stop Automation solution to our customers.

By working closely with world class industry leader in SCADA, HMI, Industrial Controller and Motor Drives, coupled with our strong in-house engineering expertise, our customers will be assured of cost effective and reliable Control System that will cater to their needs.

Fast forward to the world today with Industry 4.0 revolutionising the Industrial of tomorrow, we are more than prepared to assist our customer to better utilising technology as their competitive advantage.
